Hello Lichfield Lizards,

It's good to hear that outside the local chapter a group of Harley owners can start a group of their own and show a rapid growth with vast interest from the general public eye. As your local dealer we want to look after you and show our support for the growth of the new found Lichfield Lizards.

It may be the time of year to put those motorbikes away for what appears to be a cold winter. However, it's also a fantastic time to purchase a new Harley-Davidson from Stratstone Birmingham. WHY??? Because we have a whole range of bikes on special offer plus, with the new VAT decrease to 15% means an even bigger saving!!!

Why not pop down for a look or demo 1 of 15 bikes available to test ride today!

Finance available (subject to terms and conditions)

3 month deferred also available (subject to terms and conditions)

Don't believe me?? Thinking this is just another sales pitch??

Just contact myself or a member of the team for an unbeatable price on the bike you desire most and we'll tailor make the deal to suit your needs.

Kind regards

Richard Grantham
